For most users, the Windows 8 desktop is the UI they use the most, so having Modern UI enabled is helpful, but for many users, the only time they use Modern UI is to open the Start Screen for accessing the apps they know and love. What's New in Version 6.0.0.8? Version 6.0.0.8 is a minor update that comes with several new tweaks and fixes. The app now shows option to Skip Modern UI in Safe Mode Support for Windows 8.1 Update Option to set the Desktop as the Start Screen Macro keyboard support Other minor fixes How to Install? Download Setup from the given link. Install the setup. Open the Crack folder and run the exe. Done! Now enjoy it. Shared Wifi Hotspot in Secure way: Secure WiFi is also known as VPN. It encrypts your network traffic and provides privacy. A VPN acts as a virtual private network, encrypting your network traffic between your device and your router. By using VPN, you can use your device through different network services like Facebook, Gmail, and so on. Wifi Hotspot connects your device to wifi hotspots and provides access to public wifi networks. It helps you to create your own wifi hotspot. But, you need to share internet with other devices connected to your router. It is a secured wifi hotspot and works as a secure network connection. Secure WiFi Hotspot Connects with your Wifi Hotspot: For example, your device is connected with wifi hotspot and now you need to connect with your secured network. To make it possible, you need to connect your device to your secured wifi hotspot and then you can make a connection to your secured network. It works both for windows and Mac.

Secure WiFi Hotspot is the best secured wifi hotspot for your device. It is available in both free and paid version. You can choose the one that suits your need. Features of Secure WiFi Hotspot: It is a secure wifi hotspot. It is secured wifi hotspot. It works on both Mac and Windows. It is used for computer owners and laptop owners. Mac users can easily access it and use it. It is easy to use and has a user-friendly interface. It is easy to 82157476af
