CLASSES

Become an Emissary whose job it is to protect the world of Margonem from danger. In order to embark on this journey, you will need to both gather a team, as well as preparing yourself suitably.

Each new hero must decide his or her path....

WARRIOR

Become a fearless warrior who wipes their enemies out with powerful hits! Their raw strength, combined with a tremendous technique in huge weapon wielding, is a killing experience for their enemies. A warrior is a simple character - they encounter an enemy, they attack them fiercely - no magic tricks.

PALADIN

A paladin opposes every chaos force they encounter. This saint warrior has devoted their whole life to destroying world's evil. Become a heavy armored disciple who uses simple magic to enhance their abilities of haunting undead and chaotic beings!

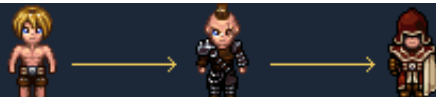

MAGE

Feel the power running through your veins! Become a formidable mage who destroys their enemies with balls of fire not worrying about their strength or battle experience. Cast a mighty lightning or a blinding blizzard spell on your rivals and make them suffer in pains. No ordinary human has a slight chance of beating you!

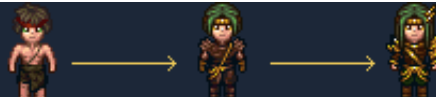

BLADE DANCER

You fight so beautifully as if you were dancing. Every pirouette brings your enemies closer to their own death. The ability of simultaneous parrying and hitting is a dangerous combination that makes a blade dancer a powerful character. Even best armored knights cannot predict your agile moves!

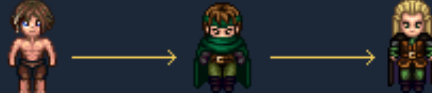

TRACKER

Use your ancient knowledge to combine bow skills with a wildlife magic. Great understanding of nature and animals allows you to fill your every shot with a force of Mother Nature. Your hits will not only wound your enemies severely, but also suck them out of their energy. You feel best in forests and on meadows, where nobody can stand in your way!

HUNTER

Fill the battlefield with a lethal whistle of your arrows! Become a true hunter who knows forests like the back of their hand. Hideous monsters won't realize what hit them when they enter your territory. Finesse and master craftsmanship of your bow is the most horrible combination to your enemies.

THAT'S IT!
